

<b>PROJECT</b>	Biogas Plant, Partheni
<b>DATE</b>	December 2015
<b>CUSTOMER</b>	TERNA ENERGY SA
<b>INDUSTRY</b>	Energy/Bioenergy
<b>LOCATION</b>	Partheni, N.Halkidona Thessalonikis, Northern Greece
<b>PRODUCTS</b>	PENETRON®, PENECRETE MORTAR®, PENEBAR® PRIMER, PENEBAR® SW 55 TYPE A

**CASE SUMMARY**

Partheni Chalkidonos, belongs to the municipality of Regional Unity Thessaloniki, northern Greece.

The contractor of the project, TERNA ENERGY SA, decided to install PENEBAR® SW – 55 Type A. 600m of PENEBAR® SW 55 Type A with PENEBAR® PRIMER were installed in this project.

After research, and taking under consideration all the benefits of Penetron system, the contractors decided to use it for the waterproofing of the new concrete tanks and the waterproofing of the floor in the metal tanks, total concrete surface about 1500 m<sup>2</sup>.
