

<b>PROJECT</b>	Wastewater Treatment Plant
<b>DATE</b>	April 2007
<b>CUSTOMER</b>	HELECTOR S.A.
<b>INDUSTRY</b>	Wastewater Treatment Plant
<b>LOCATION</b>	Samos Island, Samos, Greece
<b>PRODUCTS</b>	PENETRON®, PENECRETE MORTAR®

**CASE SUMMARY**

Samos Island is located in the Eastern part of the Aegean Sea.

Due to the new European Norm for Wastewater Treatment Plants (one per 10,000 habitants) a decision for the construction of a new Plant was taken by the authorities. Penetron waterproofing and protection system was chosen as the most appropriate for such an application. The consultant and the contractor of the project asked the application to be made by an authorized and well trained applicator – contractor to secure best results.
